## Dive into the fields of Data, Artificial Intelligence and Immersive Environments through FREEYOU Next

Supported by the Media Literacy for All Programme by European Commission, **FREEYOU Next** offers a **multilingual educational platform tailored for teachers, educators, and facilitators**.

This project aims to enhance media and data literacy skills through an innovative blended approach.

Register Now

## Start your training

During the training, we will explore:

### A data driven world

How the history of data has evolved and why it is crucial to interpret them correctly.

### Critical AI in the classroom

Towards a pedagogy of "how": exploring new questions for a critical use of artificial intelligence in the classroom

### New environments for teaching

Between VR and Metaverse: new languages for your teaching.

## What you will find

In this learning program you will find 2 courses that combine cutting edge methodologies and content in order to bring data and AI literacy in your classroom

CONDIVI 8/11

**SYNTHETIC IMAGES**

Artificial intelligence software is able to generate images of people who do not exist, such as these models: none of them exist.

Look at the project [ThisPersonDoesNotExist.com](https://thispersondoesnotexist.com)

The models in these images are not real, they are stock photos

Guarda su YouTube

**What it is about:** By now, synthetic media are everywhere. From news sites to advertisements, artificially generated media have made their way into our everyday lives.

**In this lecture we will see:**

- What is meant by synthetic media
- How media have evolved over time

- Unity 5 | How to analyze an AI-generated media 1 Quiz
- Workshop held on 19 February – recording

**Workshop held on 19 February – recording**

**IN PROGRESS**

The first live workshop for the FREEYOU Next training program took place on Monday, February 19th. During the workshop, we discussed synthetic media.

**If you participated in the live workshop** and have already completed the activity, please share your group's work with us by sending us the activity at [giulia@dataninja.it](mailto:giulia@dataninja.it)

**If you did not participate in the live workshop**, please complete the activity by following the steps below:

- Create a copy of this file
- Complete the required steps.
- Send your activity to [giulia@dataninja.it](mailto:giulia@dataninja.it).

**If you missed the live session**, or would like to review the recording, you can see it [here](#).

The screenshot shows the user interface of the 'Free You Next' learning management system. At the top, a dark navigation bar contains links for 'learn.freeyouproject.eu', 'Customize', 'Edit Lesson', 'Translate Page', 'Notes', and 'Elementor Debugger'. On the right of this bar, it says 'Howdy, giulia' next to a user profile icon. Below the navigation bar, a progress bar indicates '0% COMPLETE 0/1 Steps'. To the right of the progress bar is a 'Mark Complete' button with a checkmark icon. On the left side, there is a sidebar with a red header 'Final webinar' and a sub-item 'Final webinar – Recording'. The main content area has a title 'Final webinar – Recording' and a status 'IN PROGRESS' in a red pill. Below this, a text block states: 'The final webinar took place on 8th April. If you missed it or want to review the meeting, [you can do so here.](#)'. At the bottom of the main content area, there is another 'Mark Complete' button with a checkmark icon.
